Your tasks:

- Assembly of electronic products
- Software installation and variant creation
- Quality control and execution of end-of-line tests
- Commissioning and further development of test equipment directly collaboration with our electronics developers

Your skills:

- Completed training in the field of electronics
- Electronics is your passion
- Reliability, independent way of working
- Drivers licence class B

What awaits you:

- Family-run company with a positive work environment
- Independent, diverse, and responsible work in a future-proof and rapidly growing industry
- Personal and professional development opportunities
- A modern and bright work environment
- Flexible working hours
- Attractive benefits, from complimentary beverages to, e.g., a „business bike“ and „Edenred“ membership

Is this position a good fit to you?
We look forward to receiving your
